

# FINNISH UNIVERSITIES IN GLOBAL COMPARISON

## 2021 STUDENT REPORT

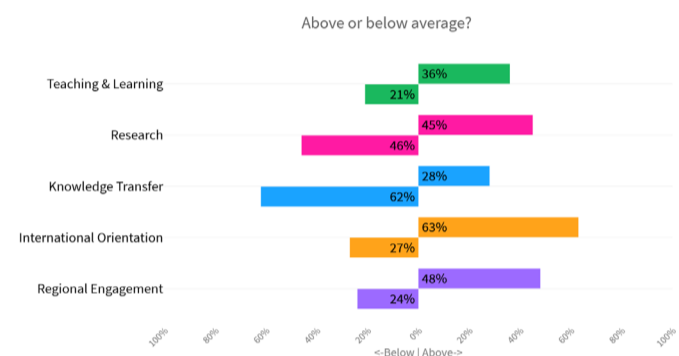

Finding the best university, study programme or student exchange can be hard. To help students through that process U-Multirank has worked to create a new type of university ranking tool, giving you the power to compare according to what matters most to you. With more than 100,000 students taking part in U-Multirank's annual student survey, it gives you valuable peer-to-peer feedback for some 2,000 universities and colleges from 97 countries worldwide. From this information you can create your own personalised university rankings, comparing them in the areas of teaching & learning, research, knowledge exchange, internationalisation and regional engagement.

U-Multirank's student reports highlight the national performance of universities in Finland. The 2021 edition features 37 Finnish universities. For the full list of all universities from Finland included in U-Multirank, please visit our master list of universities.

### NATIONAL PERFORMANCE OF FINLAND

U-Multirank makes transparent the strengths of a country's higher education system. In its latest edition, Finnish universities show their strongest performance in International Orientation.

### TOP PERFORMING UNIVERSITIES IN FINLAND

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for Finland. Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Aalto University	18 'A' scores
Lappeenranta University of Technology	14 'A' scores
Hanken School of Economics	13 'A' scores
University of Helsinki	9 'A' scores
Abo Akademi University	7 'A' scores
University of Oulu	7 'A' scores
University of Tampere	7 'A' scores

### LOOKING AT STUDENT MOBILITY

In this section we highlight the universities with the highest student mobility. Rather than only looking at unilateral movement, U-Multirank measures student mobility with both incoming and outgoing students in mind, giving a more well-rounded view on how internationally diverse the student body is. Students interested in this area should explore comparisons according to international orientation.

Aalto University
Hanken School of Economics
University of Jyväskylä
LAB University of Applied Sciences
LUT University

### TOP SAFEST CITIES IN FINLAND FOR STUDENTS

At U-Multirank, we understand that safety can play an important factor when deciding where to study. That's why we include information from the Numbeo Safety Index. The positions (ranging from 1 to 442) and scores (ranging from 0 to 100) are based on a global comparison of cities\*.

\*The scores are based on surveys conducted by Numbeo for cross-country comparisons (Source: Numbeo.com - 21.09.2021)

SAFEST CITIES	NUMBEO SAFETY INDEX POSITION	NUMBEO SAFETY SCORE
Tampere	19	78.55
Helsinki	51	73.97
Oulu	152	62.8
